

## IFC Charter is to Promote

- Forage production, management, utilization and marketing of forages.
- Research into various forage applications in production agriculture.
- Communication of current forage research and results to forage growers.
- New or expanded markets for forages.

### IFC Members are:

- Educators
- Hay dealers
- Forage crop producers
- Agribusinesses
- Livestock producers
- Researchers
- Government employees
- News media
- Local forage and livestock organizations

## IFC Benefits Include

- Receive newsletters containing information on the latest technologies and developments.
- Diagnostic training to help farmers and professionals recognize problems and find solutions.
- Networking to exchange information and personal experiences.
- Informational meetings to provide opportunities to improve current management and learn new techniques to increase forage production and profitability.

## The IFC is an affiliate member of the American Forage and Grassland Council (AFGC).

- IFC membership provides you dual membership in both IFC and AFGC.
- The AFGC is made up of 22 affiliate councils in the United States and Canada with total membership of about 2500.
- The AFGC's primary objective is to promote the profitable production and sustainable utilization of quality forage and grasslands.
- The AFGC aspires to be the "leader and voice of economically and environmentally sound forage-focused agriculture."
- AFGC assists in the establishment of state opportunities for forage workers and releases forage-based publications.
